- Gentle swaying motion perfect for all ages
 #138871A

Sway Fun Glider

A one-of-a-kind play experience.

Strap yourself in and fire up the rocket boosters. The Sway Fun glider is a place where imagination takes flight—whether you're blasting off to the moon, rocking on a pirate ship or just having a good time. With its ability to incorporate two wheelchairs, children of all abilities are in the center of the action. With their friends, they help power the gliding motion. Two benches invite even more friends to join in the fun.
