## WELCOME TO THE BEYOND THE CLASSROOM!

Join us for our 2021/2022 season as we experience Latin dance, meet a very hungry caterpillar, and travel back to the 1800s gold rush with one of the most famous dogs in history.

At the Sharon Lynne Wilson Center for the Arts, we have seen the role the fine arts play in developing young minds, and we are committed to safely providing your students with educational, enlightening, and entertaining productions that connect to curriculum. Through our Beyond the Classroom performances and programs that feature renowned international companies and acclaimed local artists, we provide students with new, culturally enriching experiences through the arts.

As well as presenting these shows, the Wilson Center also provides a variety of other learning experiences. From in-depth backstage tours showing students the behind-the-scenes life at a performing arts venue, to creating individualized classroom workshops, we work with educators to create memorable moments that use the arts as a catalyst for continued learning.
