New Health Insurance Marketplace Coverage Options

By signing this form, I indicate that I have received the Required Notice: "New Health Insurance Marketplace Coverage Options and Your Health Coverage" as a part of my hire paperwork from the School District of Elmbrook's Human Resources Department.

I understand by receiving this notice does not indicated that I am eligible for or covered by any health plan. Eligibility to participate in Elmbrook Schools' group health plans and applicable enrollment continues to be based on meeting the eligibility and participation requirements as outlined in the Elmbrook Schools' Employee Handbook.

I further acknowledge that the notice relates to coverage options available through a Health Insurance Marketplace (Exchange) and that the School District of Elmbrook has no information or expertise on those options. I understand that Elmbrook Schools' Human Resources and Benefit representatives are not allowed to answer questions regarding those options and I will consult with other resources regarding any questions I may have.

I will keep the attached notice whether I have coverage through my employment with the School District of Elmbrook or under another group health plan.

PART A: General Information

When key parts of the health care law take effect in 2014, there will be a new way to buy health insurance: the Health Insurance Marketplace. To assist you as you evaluate options for you and your family, this notice provides some basic information about the new Marketplace and employment-based health coverage offered by your employer.

What is the Health Insurance Marketplace?

The Marketplace is designed to help you find health insurance that meets your needs and fits your budget. The Marketplace offers "one-stop shopping" to find and compare private health insurance options. You may also be eligible for a new kind of tax credit that lowers your monthly premium right away. Open enrollment for health insurance coverage through the Marketplace begins in October 2013 for coverage starting as early as January 1, 2014.

Can I Save Money on my Health Insurance Premiums in the Marketplace?

You may qualify to save money and lower your monthly premium, but only if your employer does not offer coverage, or offers coverage that doesn't meet certain standards. The savings on your premium that you're eligible for depends on your household income.

Does Employer Health Coverage Affect Eligibility for Premium Savings through the Marketplace?

Yes. If you have an offer of health coverage from your employer that meets certain standards, you will not be eligible for a tax credit through the Marketplace and may wish to enroll in your employer's health plan. However, you may be eligible for a tax credit that lowers your monthly premium, or a reduction in certain cost-sharing if your employer does not offer coverage to you at all or does not offer coverage that meets certain standards. If the cost of a plan from your employer that would cover you (and not any other members of your family) is more than 9.5% of your household income for the year, or if the coverage your employer provides does not meet the "minimum value" standard set by the Affordable Care Act, you may be eligible for a tax credit.¹

Note: If you purchase a health plan through the Marketplace instead of accepting health coverage offered by your employer, then you may lose the employer contribution (if any) to the employer-offered coverage. Also, this employer contribution—as well as your employee contribution to employer-offered coverage—is often excluded from income for Federal and State income tax purposes. Your payments for coverage through the Marketplace are made on an after-tax basis.

How Can I Get More Information?

For more information about your coverage offered by your employer, please check your summary plan description or contact [Lori Golomski \(golomskL@elmbrookschools.org\)](mailto:golomskL@elmbrookschools.org), [Mary Kaminski \(kaminsma@elmbrookschools.org\)](mailto:kaminsma@elmbrookschools.org).

The Marketplace can help you evaluate your coverage options, including your eligibility for coverage through the Marketplace and its cost. Please visit HealthCare.gov for more information, including an online application for health insurance coverage and contact information for a Health Insurance Marketplace in your area.

¹ An employer-sponsored health plan meets the "minimum value standard" if the plan's share of the total allowed benefit costs covered by the plan is no less than 60 percent of such costs.

- Some employees. Eligible employees are:

Employees who have an individual contract or "offer of employment" who work thirty (30) hours or more per week are entitled to participation in the health insurance benefits as provided by the District's group plan.

- With respect to dependents:
 - We do offer coverage. Eligible dependents are:

An **eligible Dependent** includes:

- Your legal spouse, as defined by the state in which You reside, provided he or she is not covered as an Employee under this Plan. For purposes of eligibility under this Plan, a legal spouse does not include a Common-Law Marriage spouse, even if such partnership is recognized as a legal marriage in the state in which the couple resides. An eligible Dependent does not include an individual from whom You have obtained a legal separation or divorce. Documentation on a Covered Person's marital status may be required by the Plan Administrator.
- A Dependent Child until the Child reaches his or her 26th birthday. The term "Child" includes the following Dependents:
 - A natural biological Child;
 - A stepchild;
 - A legally adopted Child or a Child legally Placed for Adoption as granted by action of a federal, state, or local governmental agency responsible for adoption administration or a court of law if the Child has not attained age 26 as of the date of such placement;
 - A Child under Your (or Your spouse's) Legal Guardianship as ordered by a court;
 - A Child who is considered an alternate recipient under a Qualified Medical Child Support Order (QMCSO);
 - A grandchild, as long as the Employee's covered Dependent is the parent of the grandchild. Coverage for the grandchild will end when the Employee's covered Dependent (the parent of the grandchild) is no longer eligible under this Plan or when the Dependent (the parent of the grandchild) reaches 26 years of age, whichever occurs first.

- We do not offer coverage.

- If checked, this coverage meets the minimum value standard, and the cost of this coverage to you is intended to be affordable, based on employee wages.

** Even if your employer intends your coverage to be affordable, you may still be eligible for a premium discount through the Marketplace. The Marketplace will use your household income, along with other factors, to determine whether you may be eligible for a premium discount. If, for example, your wages vary from week to week (perhaps you are an hourly employee or you work on a commission basis), if you are newly employed mid-year, or if you have other income losses, you may still qualify for a premium discount.

If you decide to shop for coverage in the Marketplace, HealthCare.gov will guide you through the process. Here's the employer information you'll enter when you visit HealthCare.gov to find out if you can get a tax credit to lower your monthly premiums.
