

EARLY COLLEGE CREDIT PROGRAM (ECCP) 'AFTER BOARD APPROVAL' PROCESS

My course request(s) have been approved by the School Board. Now what?

1. When contacted that your request(s) has/have been approved, obtain a copy of your ECCP Application Form(s) from Student Services' Office.
2. **BE DILIGENT in checking your school email and provide prompt responses during this follow-up process! An approved ECCP Application is only the first step of this process--there are more steps for you to take!**
3. Register / apply to the college/university directly. Helpful resources...

4. Be sure to send your AP score(s), ACT score, transcripts, and/or other items required by the college/university (as necessary). ***NOTE:** connect with the administrative assistant in Student Services to obtain these documents. If the administrative assistant is unavailable for unforeseen reasons, please contact Mrs. Strackbein in the Central Administrative Office, strackbb@elmbrookschoools.org.
5. As necessary, if/when you have questions about registering with the institution, once your enrollment has been confirmed, etc., be sure to directly contact the college/university ECCP representative (use the UW System contact list provided).
6. Once the college/university confirms your enrollment and you have registered for classes, **YOU MUST SEE YOUR SCHOOL COUNSELOR!** The course cannot be added to your high school schedule/transcript unless you have contacted your school counselor after enrollment/registration with college/university.

NOTE: If you take the option to 'extend' past an original course deadline, you are responsible for any and all fees associated with this extension*
